Dear Friends:

Thank you for your generous gift to the Summer Camps program.

As of this morning I have registered eighty-four Huron County children in residential camps, most of which are in this area. In 2009, with the community's support, we purchased summer recreation for one hundred and ninety-seven Huron County children. Many more registrations are yet to come in!

These children sorely need the light hearted summer fun that can best be experienced at a residential camp or in a community program of their choice.

Your support is very much appreciated.

Yours truly,

Joan Van den Broeck
